

Special Meeting of the Windemere Township Board for Snow Emergency December 22, 2022

The meeting was called to order at 3:33 PM by Chair Heidi Kroening. Others present were Supervisor Tony Bakhtiari, Clerk Cindy Woltjer & Road Coordinator Scott Danelski. Also present were 10 residents.

Chair Kroening reported the recent snow storm has done damage to the roads and the right of ways with broken and low hanging trees being the main problem. She asked 6 different companies to give quotes for clean up and only got a response from 2. One of them, Asplund, said they could give a quote but could not start until the middle or end of January. The second contractor, Grover, said he could put us on the list but did not know how soon he could even start. Mr. Danelski was able to get a quote from Valhalla Tree Service. They would charge \$300 per hour and could start on Monday the 26th with a crew of 3 men, a chipper truck, chain saws, & pole saws to open up the roads so the snow plows can get through.

A motion was made by Bahktiari, seconded by Kroening to hire Valhalla to trim trees on the roads and right of ways @ \$300 per hour. Vote Taken, Kroening – Aye, Bakhtiari - Aye. Motion Passed 2/0.
