# Work in Process/Scheduled

---

- Sturgeon Island bridge (County project) has been turned over to Windemere Township to finish the punch list due to the prime County contractor not showing up to complete the project. In return we will not be billed \$5400 for extra storm pipe we ordered for the project. This deal was agreed to in good faith to get this project done before the construction season is over.
- Sturgeon Island Road asphalt project is scheduled to start late September 2024 weather permitting
- Township road sign and post replacement is scheduled for the Spring of 2025. They delay is because there is a backorder on posts and weather issues for the contractor. **UPDATE** The Township has purchased all the posts at a discounted rate. Signs will be ordered by the contractor over the winter and delivered to the Township.

**Thank you to our professional contactors. Their hard work and cooperation is greatly appreciated!**

# Decisions and Comments

- Discuss late claims/unpaid claims?
- Map represents the areas where culverts, ditch cleaning, and major repairs were made since June 1, 2023 through August 2024
- One resident on Sunrise view stated they have been here since 1975 and the roads have never been better than now.
- A local mail carrier state the roads are marvelous!
- Birchview Road resident stated he was promised all the work that was just completed in August for many years, but it never happened until now. They are very grateful and are pleased with the outcome.
- All road information and reports are located on The Windemere Township website

**It's nice to be important, but it's more important to be nice.**
